

# Root Cellar & Storage Crops

*What went into storage, and when to check on it.*

| Crop | Variety | Qty | Storage method | Date stored | Check-by | Condition / Notes |
|------|---------|-----|----------------|-------------|----------|-------------------|
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
|      |         |     |                |             |          |                   |
